

Welcome to Health Solutions Physical Medicine and the Los Angeles Pain Laser Center.

Our highest priority is to provide you with an integrated natural approach to finding **Solutions** for your better **Health**.

In order to do this we require that you fill out the paperwork to the best of your ability so we can have all of your pertinent information. This paperwork may be more comprehensive than other offices you have been to in the past. This is because we strive to be more thorough than other offices and determine if and how we can help you. All information is kept strictly confidential according to HIPAA guidelines. Social Security # may be necessary for insurance or other payment purposes.

If you have health insurance you may present your insurance card to the receptionist. We may need to copy your card and driver's license so as to verify if your insurance covers any of our services, as many plans cover chiropractic, physical therapies, laboratory and diagnostic testing, X-Rays, and massage therapy. Class IV Deep Tissue Laser is not covered by insurance.

CONSENT TO CARE

A patient coming to the doctor gives him/her permission and authority to care for them in accordance with appropriate test, diagnosis, and analysis. The clinical procedures performed are usually beneficial and seldom cause any problem. In rare cases underlying physical defects, deformities or pathologies, may render the patient susceptible for injury. The doctor, of course, will not provide specific healthcare, if he/she is aware that such care may be contraindicated. It is the responsibility of the patient to make it known, or to learn through health care procedures from whatever he/she is suffering from: latent pathological defects, illnesses, or deformities, which would otherwise not come to the attention of the physician.

I agree to settle any claim or dispute I may have against or with any of these persons or entities, whether related to the prescribed care or otherwise, will be resolved by binding arbitration under the current malpractice terms which can be obtained by written request.

I have read and understand the foregoing.
